

**OVER 60  
GLAZE  
COLORS!**

*Handcrafted Stoneware*  
GLAZE COLOR CHART

It's art. It's beautiful. It's uniquely yours.

The top surface of your 3-dimensional artwork will be the color of our natural medallion clay, while the recessed areas will be colored by your glazes. Wider areas show the glaze colors more prominently, while the glazes may appear darker in thin artwork lines.
