STATE SEAL INFORMATION

- The seals displayed on our web page and any of our literature are for reference only. They do not infer any endorsement by the agency or organization, listed or displayed.
- Our seals are formed in butyrate plastic, custom detailed and foam filled with poster board back and a saw tooth hanger. Information for seals, sizes and materials used.
<http://www.dondero.com/wallseals.html>
- They are available with a golden bronze ox or silver ox finish.
- Our state seals were originally created approximately 15" in diameter.
- We can produce new state seals 19" for longest dimension. If you would like to have your state seal made in the 19" size, we would need vector art work to make the new size.
- As state seals become available in 19" size, we will post their availability on our web page.
- Sizes larger than 19" can be produced in our painted resin up to 36" diameter.
- We do offer state seals in full color but we would need PMS colors for the seals.

Shipping and Handling

- For butyrate seals, shipping and handling charges are included for deliveries inside the Continental USA.
- Shipments outside the Continental USA will have the shipping and handling charges added to the order.
- Normal shipment schedule is approximately 10 to 12 weeks after receipt of an order.
- Additional production time is required when new molds are created.

Payment Information

- For your convenience, we accept Visa and MasterCard credit cards, checks or money orders.
- Credit card information is not secure to send by email or fax. Send your completed order form, then call us with your card information.
- Virginia Sales Tax is applicable for all orders shipped in Virginia, unless paid by a government tax exempt credit card or we have a current tax exempt certificate on file.
